Nhlanhla Muthwa

Full Stack Software Developer

About Me

I believe my training, experience, and proven ability as a Technical Support Trainee and Software Developer will allow me to significantly contribute to the productivity and quality of any company's IT division.

I am a technical minded Software Developer and I have acquired valuable experience in all facets of troubleshooting, installations, and maintenance for various desktop operations, hardware, and software. I possess a unique talent for translating highly complex technical information into terms and concepts that the end users can readily grasp.

Furthermore, I am multi-task oriented, enjoy a challenge, and continually stay abreast of the latest advancements in the IT field.
